2. What do you consider to be the student's principal strengths?

Franck is an extremely motivated student at work supported with good academic knowledges. Due to this two considerations I consider him as a good enterprise "partner" in the near future. He assumes each professional project as a personal challenge with "hunger knowledge"

3. What do you consider to be the student's principal weaknesses?:

Cruising speed is not always a good allied, being important thinking before acting.

4. What is your opinion of the student's suitability for a career in business?

Perfectly suitable, he improves also his performance supported by IT tools

5. Would you recommend him / her for another placement?

Sure, best trainee, with lot of motivation

6. Please expand on your answers or add any further information which you consider relevant:

He has been also involved in different projects in AC company, as Shipping department developing IT tool automating processes, really useful.
